

Nicholas Ledoux

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in Web Design. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications

Recent Projects:

- **Wow! (Fullstack Web App)** – A web app that randomly generates a wow information card filled with data about an Owen Wilson Wow found in one of his movies.
- **NASA APOD (Fullstack Web App)** – NASA Astronomy Picture of the Day Web App that gives you fun facts about NASA's pictures.
- **Cocktail Recipe Search (Fullstack Web App)** – Web App that allows users to search for cocktail recipes from CocktailDB.
- **Landscape Photography Wall:** A web app that queries Unsplash and generates a wall of landscape photography.

T Squared Renovations | Hartsdale, NY

- Designing a website for a popular NY contractor using HTML, CSS, and JavaScript.
- Helped implement consulting into business plans for future growth.

Digital Projects Editor for Furniture World | Remote

October 2015 — Present

- Handled the digital needs of Furniture World Magazine, which includes posting news, articles, events and media to the Furniture World website.
- Created advertising for clients through email campaigns using Constant Contact.
- Created documents, flyers, and journals for various furniture industry events.
- Utilized programs such as Photoshop, InDesign, Dreamweaver, Excel, Word, Acrobat, and Constant Contact and coded with HTML and CSS.

SERVICE

US ARMY | Fort Campbell, KY

June 2002 — 2004

- Served in Operation Iraqi Freedom.
- Awarded Army Commendation Medal, Good Conduct Medal
- Honorably discharged after term of service.
